System

W2 Pro is the new generation fingerprint access control & time attendance terminal based on Linux platform. W2 Pro with 2.8-inch color LCD, full capacitive touch keypads and touch optical fingerprint sensor will offer convenient operation experience and improve the practicality of the wet and dry fingers. W2 Pro with TCP/IP communication and traditional RS485, Wiegand in/out to provide higher flexibility and multiple communication options for different environments. It also has powerful access control interface relay output, door contact and multiple I/O ports can also be expanded with third party access control systems. Full upgrade for W series with battery will power your business anytime and anywhere.

**Linux Based
1GHz Fast CPU**

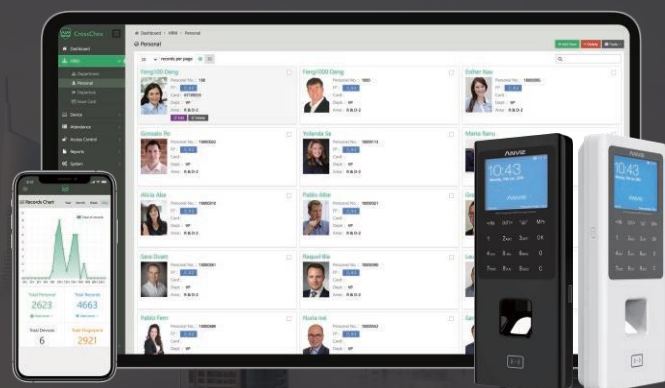

**New Highly Accurate
And Adaptable Sensor**

Cloud Based Management

Cloud Web and Mobile Services
let you access to your office anytime,
anywhere.
