AXIS T8343 Alert Button
Wireless alert button

AXIS T8343 Alert Button is a push button which relays events such as notification messages, illumination, and much more. By communicating wirelessly with AXIS M5065 PTZ Network Camera or connected Z-Wave Plus® controllers, the alert button can be used in small security solutions with less cabling. The wireless I/O connectivity also enables flexible installation as the relay can easily be moved and adapted to your needs.

> **Wireless I/O connectivity**
> **Z-Wave Plus® compatibility**
> **S2 security compliant**
> **Battery included**

AXIS T8343 Alert Button
