

EVO Series

 IP Video Surveillance Certified Global OEM

EVO50 Models—Network Video Recorders—NVR

BCDVideo's EVO50 Series is a family of high-performance Network Video Recorders that provide easy setup and is a reliable, yet cost-effective surveillance system for IP network cameras. The EVO50 enables both live view recording and playback of up to 48 IP network cameras and comes certified, pre-loaded, and licensed with your choice of AXIS Camera Station, Milestone XProtect Express, or OnSSI Ocularis IS Video Management Software.

The EVO50 Series family includes BCDVideo's SMART Technology modules, including SMARTconnect and SMARTvms. This technology minimizes any end-user downtime and offers the ability to bring cameras back online in minutes rather than hours or days in a disaster recovery situation. The BCDVideo EVO50 Series Platform includes lifetime telephone support, as well as a three-year global onsite hardware warranty, which is upgradeable to a five-year onsite warranty.
