

ANTI-VANDAL CAGES

Physical or criminal attacks against surveillance cameras are an ever-increasing concern throughout the industry. More so now the Data Protection Act requires surveillance equipment to be installed in a way that 'it is prevented from being tampered with.' We offer a range of anti-vandal cages to deal with the problem. Cages are made of 3.2mm mild steel mesh with a hot dip galvanised finish, providing a strong construction that will last.

KEY FEATURES

- Maximum vandal resistance
- Choice of unhinged, hinged or lift-off hinge to accommodate installers preferred mounting method
- Hinged cages provide easy access for maintenance to be carried out
