

# WTRVS-8 Voice Reach Talking Pendant Necklace

WTRVS-8 is a small and lightweight Voice Reach Talking Pendant. Compact and easy-to-use, WTRVS-8 is designed to provide complete protection anywhere around your home at any time with the simple touch of a button.

WTRVS-8 allows immediate post-alarm voice follow up after an emergency call without any delay and effort. With a simple press of a button it can open two-way voice communication channel between you and the Central Monitoring Station. Additionally, users can talk to the Central Monitoring Station right through the pendant like a speaker phone with the built-in microphone and speaker.

WTRVS-8 is waterproof to IP67 standard and is compatible with Climax's Medical Alarm Panels. As an intelligent device, WTRVS-8 really ensures that your emergency issue can be handled properly and timely.
