

Cylinders and Padlocks

Other Cylinders

Other Cylinders

Application:

A completely electronic locking system, eCLIQ is based on the mechanical precision and microelectronic modules of ASSA ABLOY's CLIQ® technology.

Secure, reliable and uncomplicated, the powerful microelectronics in the programmable waterproof key and electronic locking cylinder together, provide the strongest possible security.

Specification:

- High-security protection against manipulation and intelligent break-in attempts
- Integrated microchip for storage of locking - authorisations and event logs
- Use in environments with demanding ambient conditions (Temperature range: -25°C to +85°C)
- Maintenance-free up to 200,000 cycles (includes integrated lubricant reserve)
- Central key channel and low core overlap for problem-free installation in combination with security fittings and other locks
- Optional enhanced drilling protection
- Emergency mechanism with user key
- Optional dust and rain cover available

Finish:

Satin Chrome

Variants:

Code	Description
AA-E-CY310-SC	eCLIQ UK Oval Cylinder
AA-E-CY201-SC	eCLIQ Scan Oval Cylinder
AA-E-CY405-SC	eCLIQ Rim Cylinder
AA-E-DBL-0/5	eCLIQ Double Extension 0/5mm
AA-E-DBL-0/10	eCLIQ Double Extension 0/10mm
AA-E-DBL-0/15	eCLIQ Double Extension 0/15mm
AA-E-DBL-0/20	eCLIQ Double Extension 0/20mm
AA-E-DBL-5/5	eCLIQ Double Extension 5/5mm
AA-E-DBL-5/10	eCLIQ Double Extension 5/10mm
AA-E-DBL-5/15	eCLIQ Double Extension 5/15mm
AA-E-DBL-5/20	eCLIQ Double Extension 5/20mm
AA-E-DBL-10/10	eCLIQ Double Extension 10/10mm
AA-E-DBL-10/15	eCLIQ Double Extension 10/15mm
AA-E-DBL-10/20	eCLIQ Double Extension 10/20mm
AA-E-DBL-15/15	eCLIQ Double Extension 15/15mm
AA-E-DBL-15/20	eCLIQ Double Extension 15/20mm
AA-E-DBL-20/20	eCLIQ Double Extension 20/20mm
