

# Gallagher Starter Kits

Gallagher's access control and intruder alarm system is available in starter kit format. Meaning in one easy purchase you have everything you need to ensure effective access control. Gallagher's Starter Kits have been based on the most commonly used hardware and software configurations for small sites.

## Benefits from purchasing a Starter Kit include:

- Ease of ordering - only one part number needs selecting to install an access control solution on-site
- Quick installation - Gallagher Starter Kits come with an installation-ready Gallagher Command Centre license
- Ready to use system - Gallagher provides fully encoded cards, allowing a site to immediately use their system once installed

## Which Kit is best for you....

### Single Cabinet Starter Kits

Provides new sites with the Gallagher items necessary for standard access control, all under one part number.

### Dual Cabinet Starter Kits

Provides all the Gallagher items necessary to equip a new site for integrated access control and alarms management, all under one part number.
