

Enterprise NVR Series Software

ENTERPRISE CLASS DIGITAL RECORDING SYSTEM

Honeywell's Enterprise NVR (Network Video Recorder) video management system is an industry leading enterprise class digital video solution. The Enterprise NVR is built upon the best in class components that provide the flexibility and scalability suited to a variety of end user applications. Honeywell is a total solution provider offering all the components of a flexible video system such as cameras, encoders, management software, servers, workstations, and video storage.

Honeywell's Enterprise NVR Alpha software manages all of the individual hardware components that make up the system. The Alpha software delivers unparalleled flexibility and scalability for a variety of system requirements. The video management system is capable of simultaneous viewing, recording, playback, transmission, and archiving of video and synchronized audio streams. The Graphical User Interface (GUI) is powerful, intuitive, and flexible enough to meet a variety of surveillance and security applications managing a single video channel or thousands.

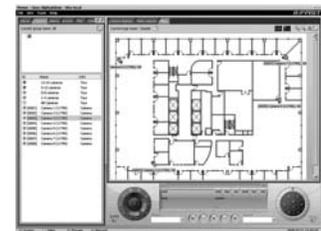

The Enterprise NVR software is also compatible with components necessary to create a robust and user friendly system that virtualizes the analog and digital worlds. This includes Honeywell's MAXPRO-Net which controls the MAX and VideoBloX matrix switch hardware and the industry leading UltraKey controller. The Enterprise NVR is also fully integrated with Honeywell's IDM (Integrated Data Manager) for synchronizing data such as point of sale and slot information with video.

Market Opportunities

Enterprise NVR software is ideal for use as a standalone digital video management system for a virtual matrix application or in conjunction with the Honeywell analog matrix for a hybrid solution. Security and surveillance operators benefit from the powerful user interface that provides instant access to video recordings without compromising performance. The software is field tested and proven in some of the largest and most demanding applications in the gaming industry.

Features

- Pentaplex operation: "live" viewing, "playback" viewing, recording, video and audio recording and transmission.
- Manage from 1 to more than 3000 video channels and more than a Petabyte of hard drive storage as one integrated system
- Maintain high levels of performance as the systems scales
- Support for industry-leading IP and megapixel cameras
- Secure video format and multilevel user passwords prevent unauthorized access
- Powerful scripting language for creating automatic event response and routine actions
- Based on Microsoft Windows® 2000 or XP Professional Operating System
- Supports the direct connection of Honeywell IP cameras and other popular IP camera brands

ORDERING AND SYSTEM DIAGRAM

Enterprise NVR software is an integral piece of an Enterprise NVR Series solution. Please visit www.honeywellvideo.com for other Enterprise NVR Series components such as servers, RAID storage, and workstation documentation.

Ordering	
HE16SWL2	Software and DVS Key for 16 Encoder Channels and 4 IP Camera - Includes 1 TB Ring Buffer License
HE32SWL2	HE32SWL2 Software and DVS Key for 32 Encoder Channels and 4 IP Camera - Includes 2 TB Ring Buffer License
HE64SWL2	Software and DVS Key for 64 Encoder Channels and 4 IP Camera - Includes 4 TB Ring Buffer License
HEIPSWL	Software and NVR Key for up to 96 Channels IP Camera or 32 Channel Encoder -Includes 1TB Ring Buffer License
HEIPCAM	Single Channel IP Camera Interface for Servers NOTE: All DVS and NVR Keys require 1 HEIPCAM for each IP camera added. NOTE: A maximum of 32 Channels @ 4CIF 30FPS for minimum specification hardware
HERASK	Workstation software and Key Kit
Ring Buffer Licenses	
HE01RB	Ring Buffer License - 1.0 TB
HE04RB	Ring Buffer License - 4.0 TB
HE16RB	Ring Buffer License - 16.0 TB
Misc Licenses	
HEKYBL	Enterprise UltraKey License
HENTP	Enterprise Network Time Protocol License
HEUPS	Enterprise UPS Control Protocol License
Enterprise Workstation Upgrade Licenses	
HERASK-UP1	Enterprise Workstation 1 Year Upgrade License
HERASK-UP2	Enterprise Workstation 2 Year Upgrade License
HERASK-UP3	Enterprise Workstation 3 Year Upgrade License
Enterprise Server Upgrade Licenses and Accessories	
HEXXSW-UP1	Enterprise Server 1 Year Upgrade License
HEXXSW-UP2	Enterprise Server 2 Year Upgrade License

NOTE: Honeywell reserves the right, without notification, to make changes in product design or specifications.
