

Medium Range Standard Plus Reader

- Up to 25cm reading range
- Improved LED feedback
- Easy to use
- Easy to install
- No moving parts
- Lifetime guarantee

Part no. 20444 (Dark beige)
20443 (Dark grey)

The KeyPAC Medium Range Standard plus Reader has an attractively styled ABS housing and is available in dark beige or dark grey. The screw heads are covered by a 'clip-in' decor panel which can be easily replaced if the front of the reader becomes damaged. It also has a built-in sounder which can be programmed to issue a local alarm when a door is left open or forced.

The KeyPAC Standard Plus Reader is designed to fit a standard MK backbox as well as several European makes of backbox. Backboxes are available from PAC.

Product guarantees

KeyPAC proximity readers carry a lifetime guarantee against electronic failure and are encapsulated in a highly durable resin so that they are suitable for interior and exterior use.

Main operational features

To gain access the user must present a valid KeyPAC ID (identification) device to the reader. The LED will change from red to green showing the lock has been released. The LED flashes quickly from red to green to indicate unauthorised ID.

Reading range: 0-25cm*

Compatibility with other PAC products

Reader Type	System			
	Easkey	Easkey 1000	PAC 2100/1100	PAC 2200
