

PowerMaxExpress

Ultra-compact Wireless Security – With Internal Communications Options

VERSATILE
COMPACT MODERN
CLEAN

Visonic's PowerMax®Express packs outstanding functionality into an exceptionally small, wireless control panel. It delivers all the reliability and features that homeowners and professional installers need, providing a highly cost-effective solution. Unique among its size class, this sleekly designed control panel offers the flexibility to add internal GSM/GPRS or IP communications modules according to the needs on-site. Easy to install and use, and compliant with international standards, the PowerMaxExpress provides the ideal solution for today's highly competitive market.

- Modern, clean design that fits any décor
- Compact, nearly invisible on wall
- All-in-one, self-contained system
- Versatile internal communications options
- Easy installation and intuitive operation
- Extensive range of accessories and expandability options

Visonic®

For a secure way of life

PowerMaxExpress

Compact, modern design

- Small size, nearly invisible on the wall
- Very clean, stylish design fits into any modern décor

All-in-one, self-contained panel

- Standard PSTN communicator
- Optional plug-in GSM/GPRS and IP** internal communications modules, field-upgradable
- LCD and a full-function keypad
- Highly cost-effective solution for black-box type installation, with one-way or two-way keypads, keyfobs and wireless sirens

High reliability and performance

- Main PCB board is protected from accidents and sabotage
- Outputs are protected against short circuits
- External transformer and 12-hour backup battery included
- Two-way wireless system with diversity antenna – facilitates highly reliable radio communication
- Partitions version available (up to 4)
- Designed to comply with most international standards and regulations, including: FCC, CE and EN50131 grade 2

Easy installation and operation

- Intuitive operation, enrollment and programming
- Compatible with all Visonic peripherals including two-way wireless sirens and keypads
